

# California OES Weather Threat Briefing

Tuesday, December 1, 2020  
9:00 AM PDT

- **Day 1 (Tuesday):** Localized elevated fire weather conditions continue across the Los Angeles and Ventura County Mountains today and tonight where winds will locally gust to 45 mph and very low humidity is expected

National Weather Service  
Western Region Headquarters  
Regional Operations Center  
Salt Lake City, UT

# **WEATHER KEY POINTS**

**12/01/20 - 12/07/20**

## **Tuesday-Sunday**

- Elevated fire weather conditions expected again today across the Ventura and Los Angeles County Mountains
  - Localized wind gusts to 40 mph likely
  - Very low humidity also continues
- Moderate to strong Santa Ana winds appear increasingly likely to redevelop across southwest California Wednesday through Saturday, with critical fire weather conditions possible
- Long swell event across northern California coast today and especially Wednesday, with the potential for sneaker waves and rip currents
- Otherwise, dry weather continues statewide through the weekend with temperatures near to above normal for early December
